3RD JULY, 2023

THE COORDINATOR,
UMR
COUNTRY OFFICE
NAIROBI-KENYA.

RE: APPRECIATION OF PROJECTS AND OTHER SERVICE INITIATED IN OUR SCHOOL BY UMR

On behalf of the school and community, I wish to appreciate your generous organization for endlessly initiating numerous projects in our school.

To mention them are:-

1. Borehole with piped and tapped water
2. 18 solar panels (giant)
3. Dining hall with kitchen and store
4. Fencing the school land of 15 acres with fence link.
5. A dispensary for both the school and community
6. Renovation of four (4) latrines, office and store
7. Feeding the school of enrollment of 600 learners and aged people and malnourished lactating mothers during three months of prolonged drought (February to April, 2023)
8. Employment of three (3) teachers who were for four (4) months ending June, 2023

The inputs of resources by your organization cannot be quantified in any measure. I therefore, heartily appreciate sincerely UMR for your assistance with no strings attached.

Your hospitality and presentation is wonderful and admirable.

Always your assistance comes timely when there is dire need. Thank you very much.

The community is IDP (internally displaced persons) whose animals died in consequent droughts.

Today they have something to be proud of in their school which no any other school in the county has it.

Thank you.

Yours faithfully,
